UNCITRAL Model Law on Procurement of Goods, Construction and Services

The General Assembly,

Recalling its resolution 2205 (XXI) of 17 December 1966, by which it created the United Nations Commission on International Trade Law with a mandate to further the progressive harmonization and unification of the law of international trade and in that respect to bear in mind the interests of all peoples, in particular those of developing countries, in the extensive development of international trade,

Noting that procurement constitutes a large portion of public expenditure in most States,

Recalling the completion and adoption by the Commission of the UNCITRAL Model Law on Procurement of Goods and Construction at its twenty-sixth session, 1/

1/ Official Records of the General Assembly, Forty-eighth Session, Supplement No. 17 (A/48/17), annex I.

Recalling also the decision of the Commission at the twenty-sixth session to draw up model legislative provisions on procurement of services while leaving intact the UNCITRAL Model Law on Procurement of Goods and Construction,

Noting that model legislative provisions on procurement of services establishing procedures designed to foster integrity, confidence, fairness and transparency in the procurement process will also promote economy, efficiency and competition in procurement and thus lead to increased economic development,

Being of the opinion that the establishment of model legislative provisions on procurement of services that are acceptable to States with different legal, social and economic systems contributes to the development of harmonious international economic relations,

Convinced that model legislative provisions on services contained in a consolidated text dealing with procurement of goods, construction and services will significantly assist all States, including developing countries and States whose economies are in transition, in enhancing their existing procurement laws and formulating procurement laws where none presently exist,

1. Takes note with satisfaction of the completion and adoption of the UNCITRAL Model Law on Procurement of Goods, Construction and Services 2/ together with the Guide to Enactment of the Model Law; 3/

2. Recommends that, in view of the desirability of the improvement and uniformity of the laws of procurement, all States give favourable consideration to the Model Law when they enact or revise their procurement laws;

3. Recommends also that all efforts be made to ensure that the Model Law together with the Guide become generally known and available.

2/ Ibid., Forty-ninth Session, Supplement No. 17 (A/49/17), annex I.
